Dear Commissioner,

of Correction

Thank you for your letter hand-dated Jan 16, 2007 denying our original Request for Certificate of Correction, and citing the requirements of 37CFR3.81(b).

37CFR3.81(b) (see, also MPEP 1481.01) on its face applies only to a (a) request for the issuance of an application in the name of the assignee submitted after the date of payment of the issue fee, or (b) request for a patent to be corrected to state the name of the assignee. Our request is neither. We are only seeking to correct a clerical error in the address of an assignee whose name is already correctly stated on the patent. The letter hand-dated Jan 16, 2007 offers no support for expanding 37CFR3.81(b) to requests that involve neither a (a) request for the issuance of an application in the name of the assignee submitted after the date of payment of the issue fee, or (b) request for a patent to be corrected to state the name of the assignee.

Absent identified support for enlarging the scope of 37CFR3.81(b), please correct the cover page of this patent as follows:

The address of the already stated assignee "Yeda Research and Development Co., Ltd. at the Weizman Institute of Science" should be "Rehovot, Israel" not Oakland CA.

The Certificate fee was provided with our initial request submitted Dec 14, 2006.

Respectfully submitted,
Science & Technology Law Group
